- ✓ Fast, easy implementation

Practical business reasons for choosing ESET

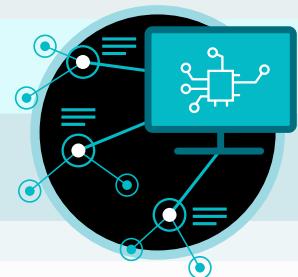

Superior technologies

Ransomware Shield, LiveGrid® global detection system, in-product cloud sandboxing, machine learning and behavioral detection create a multilayered defense.

Centralized management

With ESET PROTECT cloud-based management console, you can deploy, configure and manage security across all of your endpoints from a single location.

Security that's a good fit

ESET has the optimal features and capabilities for medium-sized businesses with small IT staffs—while offering enterprise capabilities that you can grow into.
